

This coming weekend we have a good showing of Region 10 boaters making the long trek to Burley, Idaho.

The Eacrets' Subvert Racing will field both of their boats. Dutch and JP Squires will be there with the S-83, and Ray Badger will try for two in a row in the S-45. The three Team Toothpick racers are sitting this one out. Conrad Malmo is rarin' to go but is having some parts delivery issues on the S-8. However, Conrad will be on hand in Burley to pilot Ray Badger's 1-litre. Good luck to all the racers!

Have fun - be safe - go fast!
