We're headed to Soap Lake, Washington!

The field may be smaller than usual but there should be plenty of crew as the Malmo and Solway clans will be there, just not with a boat.

Scheduled to compete will be the two Eacret Racing boats, the Squires' S-183, and Team Toothpick's S-136 and S-138.

Expect to see drivers Austin Eacret, Steve Whisman, Dutch Squires, JP Squires, Jade Deatherage, and Kip Brown.

The race site is awesome and we are eager to get over there.

Once this race is under our belts, we'll report on the upcoming race at Burley, Idaho.

Boat count at this point is reported to be low, so we'll take stock - 2.5 Stock, to be exact - and report again early next week.

Have fun - be safe - go fast!!!
